Drink Coffee - Help The American Red Cross!

We have created a partnership with Crown Coffee, an amazing coffee company that has committed to support us. Crown Coffee sells online coffee memberships. They have built a local following with their fair trade, organic coffee and now Crown Coffee has offered to donate 15% of every new annual membership to the Pikes Peak American Red Cross! So by drinking Crown Coffee, you can enjoy coffee of the highest caliber, and also support the Red Cross.

To order Crown Coffee, go to the Pikes Peak Chapter website at <http://www.pparc.org>, click on the Crown Coffee link and sign up for the 12 month membership. When you sign up make sure to select *American Red Cross* as the organization you want to support. A Crown Coffee membership will bring 2 bags of coffee to your door every month. Choose your coffee and either whole or ground bean and at any time you may email Crown Coffee to select different coffees from their family of fair trade, micro roasted coffees.

Live AED Units Now Available for Purchase through the Pikes Peak Chapter

In the time it takes you to read this information, sudden cardiac arrest will have claimed another victim. Statistics show that more than 350,000 Americans die of sudden cardiac arrest every year. Up to 40,000 of these deaths could have been prevented with widespread access to automated external defibrillators (AEDs). In partnership with Philips, the American Red Cross Pikes Peak Chapter now offers companies, organizations and individuals the opportunity to purchase defibrillators and accessories for both your company and your home. Choose from two affordable AED models, one of which is the HeartStart OnSite Defibrillator – the first commercial defibrillator available without a prescription.
